

*The Gospel-Centered Life* from World Harvest Ministries is our current Bible Study in Adult Sunday School. Bob Thune and Will Walker wrote this study to help their church grow in the gospel.

*The Gospel-Centered Life* contains nine lessons that are grouped around three themes:

- What is the gospel?
- What does the gospel do in us?
- How does the gospel work?

*The Gospel-Centered Life* is designed for small group study. Participants can expect:

- To be challenged as you work through each lesson, expect your thinking about the gospel to be expanded and challenged.
- The Holy Spirit to be the one to bring about growth and change in your life. Relax and trust Him.
- Your group's agenda to include open conversation, questions and answers, and prayer time.

We invite you to join us! Please call Chad Coleman at 989-6136 if you have any questions regarding this study.
